Part A: Pupil premium strategy plan

Statement of intent

Building Strong Foundations for the Future

The right foundations allow future potential to be unlocked and enable all in our school community to flourish. At Earley St Peter's Church of England Primary School, we want to give all our pupils strong foundations for the future.

We want them to:

- Be curious and creative
- Be confident and resilient
- Know and remember more

We want all pupils to demonstrate our Christian values of

- *Kindness*
- *Respect*
- *Honesty*
- *Forgiveness*
- *Service*

As an inclusive school, we want to see all our pupils thrive as successful learners socially and academically through high quality teaching. Our ultimate goal is that no child is left behind socially, or academically because of disadvantage. Through our vision we seek to create the conditions for our pupils to be the best they can be through removing low expectations, raising lifelong aspirations and focus on removing barriers to learning and achieving excellence.

Our Pupil Premium Plan aims to address the main barriers our children face and through rigorous tracking, careful planning and targeted support and intervention, provide all children the access and opportunities to enjoy academic success.

Our ultimate objectives are to:

Remove barriers to learning created by poverty, family circumstance and background

Narrow the attainment gaps between disadvantaged pupils and their non-disadvantaged counterparts both within school and nationally

Ensure ALL pupils are able to read fluently and with good understanding to enable them to access the breadth of the curriculum

Develop confidence in their ability to communicate effectively in a wide range of contexts

Enable pupils to look after their social and emotional wellbeing and to develop resilience.

Access a wide range of opportunities to develop their knowledge and understanding of the world

Key Principles:

- We will ensure that effective teaching, learning and assessment meets the needs of all pupils through the rigorous analysis of data. Class teachers will identify through the class pupil premium plan specific intervention and support for individual pupils which will be reviewed at least termly. Alongside academic support, we will ensure that those pupils who have social, emotional and mental health needs will access high quality provision from appropriately trained adults.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<p>Negative impact on progress caused by low attendance and subsequent disruptions to learning</p> <p>Attendance data for the year 2023-24 shows that PP pupils have lower attendance compared to Non-PP pupils' attendance. The gap between disadvantaged and non-disadvantaged has diminished to less than 2% (as compared to 2022-23).</p>
2	<p>Insufficient progress for key cohorts</p> <p>Currently, apart from a couple of cohorts, KS2 and KS1 PP pupils are making less progress in Reading, Writing and Maths combined than Non-PP pupils.</p>
3	<p>Knowledge gaps around key skills in English and Maths</p> <p>End of Y6 data for 2023-24 PP pupils did not attain as well as Non-PP pupils – there was a gap in the proportion of pupils reaching the expected standard for Reading, Writing and Mathematics.</p> <p>Currently data across the school (YR-Y6) indicates there is a gap between the PP pupils reaching age related expectations in attainment compared to Non-PP pupils: Reading, Writing and Mathematics.</p>
4	<p>Nurture needs linked to social, emotional and mental health issues</p> <p>From observations and discussions with pupils and families, the school has identified social and emotional issues for many pupils and has prioritised support such as nurture groups, daily well-being check-ins and friendship groups for PP pupils.</p>
5	<p>Further opportunities to increase cultural capital and raise aspirations</p> <p>PP pupils benefit from additional access to a range of experiences outside of school, including extra-curricular clubs and residential experiences.</p>
6	<p>Improved parental understanding of how to support at home</p>

	Provide opportunities for curriculum workshops and information sessions covering strategies for support pupils at home with their learning and preparation or school activities.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improve attendance levels of pupil premium pupils	<p>Persistent absences reduced for Pupil Premium pupils to be in line with national averages.</p> <p>Pupil Premium pupils will meet, or exceed, attendance percentages in line with national averages.</p> <p>Increased parental engagement through support given by the school's Parent Support Link and Attendance Officer.</p>
Improve pupil progress and outcomes for all and especially for key cohorts.	Pupil Premium pupils to make at least good progress in reading, writing and maths, in line with school benchmarks.
Improve literacy and numeracy levels so that pupils are able to access the whole curriculum.	<p>90% of pupil premium pupils reading at, or above their chronological reading age</p> <p>Pupil Premium pupils to make at least good progress in reading, writing and maths, in line with school benchmarks.</p>
Provide meaningful support to pupils experiencing Social Emotional Mental Health issues.	<p>Positive engagement with nurture programmes led by PSL/Inclusion Leader.</p> <p>Interventions show impact through engagement in learning.</p>
Cultivate opportunities for enhancing 'cultural capital' through enrichment and experience.	<p>Curriculum reviewed to ensure pupils have access to a range of meaningful experiences that enrich their understanding of content taught.</p> <p>Reading spine established to support development of substantive knowledge across the humanities.</p> <p>Prioritised places are available on trips for PP learners to ensure fair access.</p> <p>Launched the funded PP spaces at school clubs and increased the range available.</p> <p>Monitoring of extra-curricular activity attendance by PP pupils.</p>

	Activity leads are aware of the need to promote PP attendance and promote/invite/prioritise PP learners.
Parents/carers of PP pupils are engaged in school, aware of their child's learning and understand how to support their child.	The attendance of PP parents/carers at Parents' Evenings and Curriculum/Information Workshops/Sessions is at or above that of non-disadvantaged learners.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

Whilst absence among disadvantaged pupils continues to be higher than their peers in 2023/24, the gap has narrowed compared to 2022/23. Despite the current data suggesting the gap narrowing this year, we recognise this gap is too large which is why raising the attendance of our disadvantaged pupils continues to be a focus of our current plan.

We have analysed the performance of our school's disadvantaged pupils during the 2023/24 academic year using key stage 1 and 2 performance data, phonics check results and our own internal assessments.

Data from tests and assessments suggest that, despite some strong performances by individuals, some cohorts and in some subjects, overall the progress and attainment of the school's disadvantaged pupils in 2023/24 was below our expectations.

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.
